

Bighorn Sheep Specific Information

Definition

- Adult ewe - a female bighorn sheep - one year old or older. Lambs (young of year) are not included.

Licenses & General Information

- License holders may legally take one bighorn sheep, subject to all specifications on the license issued.
- Bighorn ram horns greater than one-half curl must be plugged or pinned at any Fish, Wildlife & Parks office within 10 days after harvest. A listing of designated personnel and phone numbers will be provided to all bighorn sheep license holders.
- It is illegal to possess a bighorn sheep head picked up in the wild.
- There are limited and unlimited bighorn sheep licenses.
 - **Limited Licenses** - A limited bighorn sheep license is awarded only through the special drawing and are designed to limit the number of hunters in a specific hunting district(s). Hunters may apply for one limited license area only and it must be their first and only district choice, with the exception of an adult ewe which may be listed as a second district choice.
 - An applicant who receives a limited either sex or legal ram license is not eligible to apply for or receive another either-sex or legal ram bighorn sheep license for the next succeeding seven years. For example, if you received one of the limited either sex or legal ram bighorn sheep licenses in 2000, you may not receive or apply for another either-sex or legal ram bighorn sheep license until 2008.
 - An applicant who is successful in obtaining a limited ewe license (first or second choice) is not restricted to the seven-year waiting period.
 - **Unlimited Licenses** - Unlimited bighorn sheep licenses have no limit on the number of licenses sold and may be available from License Providers, including FWP Online Licensing or, the hunter has the option of applying by the May 1 deadline through the drawing process.
 - Unlimited bighorn sheep licenses are available in districts 300, 301, 303, 500 and 501.
 - An unlimited bighorn sheep license purchased through the special drawing must be listed as your first and only district choice.
 - Unlimited bighorn sheep license districts with harvest quotas sometimes close a few days after the opening date.
 - Licenses are nonrefundable and a hunter may not change the selected hunting district, even if a district closes before the hunter has participated in a hunt.
 - An applicant who receives a unlimited legal ram license and harvests a legal ram is not eligible to receive or apply for another bighorn sheep license for the next succeeding seven years.
 - Unlimited bighorn sheep hunting districts are assigned a harvest quota. Unlimited bighorn sheep license hunting districts will close on a 48-hour notice. When the quota is reached or approached, the bighorn sheep season in that district will close. Any ram harvested by a hunter will be counted against the quota.
 - Current harvest information may be obtained by calling the appropriate Fish, Wildlife & Parks Regional Headquarters during normal business hours.
 - The department makes an attempt, through news releases and back country contacts, to inform hunters of bighorn sheep hunting district closures. However, it is the hunter's responsibility to be aware of season status.

Archery Season: Archery Only season for limited entry bighorn sheep hunting districts to run for 10 days prior to the start of any district's general bighorn sheep season opener. This does not include HD 301 or the unlimited entry districts. Bow and Arrow (archery) License required.

SuperTag Lottery for Bighorn Sheep - See page 7 for details.

- Resident and nonresident hunters can buy an unlimited number of \$5 chances to win a Montana hunting license for antelope, bighorn sheep, bison, deer, elk, moose, mountain goat and mountain lion.
- An individual may be successful in winning one or a combination of these SuperTags per year.
- Each SuperTag license allows one to hunt in any Montana hunting district valid for that species.
- Moose, bighorn sheep and mountain goat 7-year waiting period does not apply to SuperTags.
- Chances are sold electronically at all FWP License Providers or via the Internet.
- Proceeds from the sale of SuperTag chances will enhance public hunting access and boost FWP enforcement efforts.
- For more information visit FWP's website at fwp.mt.gov.

Bighorn Sheep License Auction

- Legislation authorizes the Fish, Wildlife & Parks Commission to provide for the auction of a bighorn sheep license each year. This license authorizes the hunter to take a "legal" or greater ram in any district of his/her choice. This license is not a part of the seasons proposed, and if this license holder is successful, the bighorn sheep will not be counted against the hunting district quota. The license holder may only hunt in areas open to hunting (i.e., if an unlimited area closes due to reaching the quota, the license holder may not hunt in that area).
- The auction is held annually during the winter by a conservation organization that is preselected by the FWP Commission.
- Hunting is authorized for the next hunting season, not the current year's hunting season.
- Money raised through the bighorn sheep license auction is used for management of bighorn sheep.

Bighorn Sheep Mandatory Reporting Requirements

- A hunter harvesting a bighorn sheep with a license valid for a "legal ram" must not alter the head and horns as to affect determination of legality.
- A hunter harvesting a bighorn ram must personally present the complete head and cape intact within 48-hours to any Fish, Wildlife & Parks office, game warden, or designated employee in the administrative region where the bighorn ram was taken. See back cover for FWP office phone numbers.

Judging A "Legal Ram" 3/4 Curl

- When a straight line extending from the front base of the horn through any portion of the eye opening intercepts any portion of the horn, the ram is legal. If the horn is not long enough to be intercepted by the line, the ram is not legal.
- Base of the horn shall be considered as the point where the horn meets the hairline of the head. See illustration below.
- Determination of a legal ram should be made from a broadside view of the head.
- Successful applicants for bighorn sheep should contact the department if they need the Montana Guide to Bighorn Sheep.

Bighorn Sheep HD Regulations

Residents are eligible to apply for any of the following licenses. Nonresidents are restricted to certain districts. Nonresidents are limited to, but not guaranteed 10 percent of a region's quota. **Districts where nonresidents may apply are listed on the moose, bighorn sheep, mountain goat nonresident application, but may change when final quotas are set in June.**
